

Study Guide: **Library Reserve Club**

1. Provides members access to some of Dave's library wines, from his personal cellar – wines that have long since sold out, and are no longer available anywhere else.
2. This club is limited to 200 members, due to the limited amount of the wines available. A waiting list will be provided after the membership limit is reached.
3. Members receive 4 different bottles of wine, two times per year (March and September), at a fixed price of \$125 per package, and the plan is published for the year in advance.
4. Twice per year, receive an invitation to the exclusive LRC party, where the package wines will be poured. Food pairings and music will be provided, along with special discounts on BSV current release wines and the occasional live-auction of a library wine.
5. One must be a member of the Sippers Club to apply for membership in the LRC.
6. All benefits of the Burrell School Sippers Club apply.
